

SCANBUR ACADEMY PROGRAM 2020

SAVE THE DATES!

We facilitate courses, seminars and workshops targeted for employees working within laboratory animal science: Animal technicians, researchers, veterinarians, facility managers, etc. In addition, we offer on demand courses at a location of your choice - at SCANBUR or at your facility - training in the use of SCANBUR products and help with preparing workflow SOPs.

Do not hesitate to contact us with your requests and ideas: academy@scanbur.com

The final Academy Program 2020 will be available as of November 2019.

Save the dates for courses:
