

NEW!!

- High-quality, dust-free nesting material suitable for caged or penned animals
- The paper strands are cleanly cut and virtually dust-free, drastically reducing respiratory problems resulting from airborne particles
- Forms a soft, springy and comfortable mat, making ideal nesting material
- High absorption capacity means bedding stays dry for added comfort
- Made from un-bleached brown kraft paper which is cut and folded
- GLP compliant and with full certification

- High-quality, dust-free nesting material suitable for all rodents & penned animals
- Finer strands offer a softer nest, preferable with nudes, transgenics & pups
- The paper strands are cleanly cut and virtually dust-free, drastically reducing respiratory problems resulting from airborne particles
- Forms a soft, springy and comfortable mat, making ideal nesting material
- Made from un-bleached brown kraft paper which is cut and folded
- GLP compliant and with full certification
