

## **ARE YOU ATTENDING THE GV-SOLAS ANNUAL CONFERENCE THIS YEAR?**

We invite you to join our presentation:  
**Improved Breeding and Animal Welfare by Controlling Humidity**

**Wednesday 16 September 2020 from 11:00-11:20**

Session: R1 - Refinement von Tiermodellen und Versuchstechniken

Together with researchers we perform studies that compare why a locally controlled relative humidity above 55% with an accuracy of  $\pm 3\%$  within the EU directive is important for the quality of your research.

Let us introduce you to our significant findings - see you there!

Best regards,

**SCANBUR**
