

WE HOPE TO SEE YOU AT SCANDLAS!

Stop by **SCANBUR stand #8** and learn more about how **ScanClima®** by providing accurate relative humidity in animal housing can improve breeding performance, reproducibility of research and working environment as well as provide you with huge energy savings.

Do not miss our scientific presentation “Does Relative Humidity Affect Welfare of Laboratory Rodents?” on Thursday 4 November 2021 from 14.00 - 14.30 (session 8).

We are also excited to introduce you to our new in development **Scantainer** which will spoil your rats in abundance, and that is a promise!
