Quality Policy

SCANBUR is committed to satisfying our customers' requirements when it comes to developing, delivering, and maintaining high quality products. SCANBUR has integrated Quality as part of its Business Principles. These Principles direct our actions to deliver products and services that are safe and compliant. At SCANBUR, the quality and compliance of our products is never compromised.

We fully satisfy our customers' requirements by:

- Ensuring product quality and best protection of customers and animals
- Complying with legislation that secures safety and product quality
- Complying with relevant laws and regulations as well as internal requirements
- Development, delivery, and maintenance of high-quality products
- Maintaining and continuously improving the effectiveness of our Quality Management System compliant with ISO 9001.
- Continuously challenging ourselves to improve the Quality Management System to guarantee product safety for our customers.
- Continuously challenging our employees to prevent quality incidents and eliminate risks through the review quality objectives and results.
- Promoting quality awareness and process orientation throughout the company and the entire supply chain.
- Encouraging our employees to ensure traceability, consistency, efficiency, and reproducibility.
- Encouraging employee involvement, exchange of experience and evidence-based decision-making.

STATEMENT

SCANBUR takes quality responsibilities seriously.

Though our Quality Policy, we have identified the areas where SCANBUR may impact the product quality and taken steps to mitigate this impact.

Through SCANBUR's Code of Conduct, every employee is required to adhere to current quality legislation.

SCANBUR sub-suppliers, are required to adhere to current legislation, including quality legislation.

Ensuring compliance for SCANBUR and its sub-suppliers are part of SCANBUR's ISO 9001:2015 certified quality system.

Sub-suppliers are categorized and audited on a regular basis.

SCANBUR is audited by internal audit and by Bureau Veritas, on a regular basis.

SCANBUR's customers are welcome to audit SCANBUR, to verify that our policies, environmental or otherwise, as well as or sub-supplier audit plans, are current and followed.
